Thiru A. Shanmugam Chettiar, B.A., B.L., Collector of South Arcot.

Sir,

Sub: Electoral rolls--South Arcot District--areas selected for intensive revision in 1952 and 1953--House numbering--defects--rectification.

Ref: (J) Government Memorandum No.1252-53-1 Public (Elections) Department dated 17.2.53.

Your report Ref.C.No.6752-52-All dated 16.5.53.- plans

The system of house numbering requires rectification in the following areas in South Arcot district,

i) Coonderpum Major Panchayat
ii) Thekkattai and Thumbashi Minor Panchayats in Coonderpum taluk
iii) Puttur Major Panchayat
iv) Koilur Major Panchayat

Your proposals for the rectification of defects in house-numbering are as follows:-

(i) FOR PUTTUR MAJOR PANCHAYAM:

I invite attention to Government Memorandum No.1252-53-2 P(1) dated 1.5.53 and the proposals submitted in my Ref. C.All.19479-52 dated 20.2.53. It is necessary that all the houses in the area should be numbered afresh in the Panchayat, the President of the Coonderpum Panchayat, stated therein, that 2 months may be required to number all the houses in all the wards and that the probable expenditure may be Rs.450/- (Four hundred and fifty). I am of opinion that the work may be finished within the time if more persons are put to the job.

(ii) FOR THEKKATTAI AND THUMBASHI MINOR PANCHAYATS:

I invite attention to my report Ref.C. No.19479-52-All dated 5.2.53 and the orders of the Government in their G.O.No.19.53.P(1) dated 19.2.53. There are now two separate panchayat boards in the place of the old Thekkattai Panchayat Board. The Thekkattai Panchayat Board comprises of the revenue villages of Thekkattai and the revenue village of Thumbashi constitutes the Thumbashi Panchayat Board. These two Panchayat areas consist of seven blocks in all, blocks Nos.2, 3, 4 and 5 being included in Thekkattai and blocks 1, 6 and 7 being situated in Thumbashi. Of the blocks are situated in two different panchayats even after bifurcation and hence revision of house-numbers is necessary to the extent of alteration of block numbers only. The work of re-numbering the block numbers can be got done through the village officers concerned within a fortnight. Hence no additional expenditure is necessary except the cost of coal tar which may not exceed Rs.5/- (five)

The electoral rolls, rough plans and key lists of Coonderpum Thekkattai and Thumbashi Panchayats are enclosed. I recommend the above re-numbering of all the houses in Coonderpum Panchayat area and renumbering the blocks in Thekkattai and Thumbashi Panchayat areas may be ordered. Coonderpur Assembly constituency was intensively revised last year.

(iii) FOR KOILUR MAJOR PANCHAYAM: I invite attention to my report Ref.C. C.All.19479-52 dated 20.2.53 and Government Telegram No. 115-53-2 P(1) dated 21.2.53. The defect in house numbering may be rectified by adopting the block-wise system of numbering as follows:

(1) Electoral rolls may be prepared for each block separately as at present and the numbers assigned at present to those blocks may be retained.

(2) Block No.1 Kolur may be divided into 2 blocks with Puttur Vinnangadi road as the dividing boundary lines. Block No.7 Narbe may also be divided into two blocks with the Tirukoilur Marakanam road up to Narbe and from Narbe Sultanpet road in continuation as the dividing line.

These roads have been shown in the rough plan submitted with my Ref.All.10470-59 dated 20.1.59. The remaining blocks may remain as single blocks. A comparative statement giving the approximate total number of houses in each street at present in each block as proposed is enclosed.

(2) The houses in each such block may be numbered in separate continuous series.

The cost of numbering the houses is estimated at Rs.(200/-) Two hundred only. The approximate period required for numbering the houses is 55 days.

The electoral rolls and key lists of the blocks are enclosed. Puttur Assembly Constituency was intensively revised last year.

(iv) MOLLY MAJOR MARRIAGE: A detailed report has been called for from the Revenue Divisional Officer Mangalore. I shall submit my proposals in respect of this panchayat by the 2nd of this month as already reported.

Sir,

ELECTORAL ROLLS - South Kanara District - Areas selected for intensive revision in 1952 and 1953 -- Moolky Panchayat area - House numbering -- defects - Rectification.

Ref:-Government Memorandum No.1858/53/1 Public (Elections)Department dated 17.3.53.
2.My report Ref.C.No.6758/53/A11 dated 22.5.53.

Moolky, Panchayat is a major Panchayat area in the intensive revision area of Moolky Assembly Constituency. Hejmady village which was originally included in the Moolky Panchayat as ward No.2 has been excluded from Moolky Panchayat and has been constituted as a separate Hejmady minor Panchayat. It is therefore a separate unit by itself now and hence ward No.2 has to be deleted. Then ward Nos.1,3,4 and 5 will remain in the Moolky Major Panchayat area. As ward No.2 has to be substituted in this area in place of Hejmady the existing ward No.5 Manampady may be altered as ward No.2 Thus the ward in Moolky Panchayat will be in one separate series i.e. 1 to 4. By the bifurcation of Moolky Major Panchayat into two separate Panchayats of Moolky and Bappanad, the blocks in each ward or Panchayat will not be effected. The proposed alteration of ward Nos to be carried out is as follows:

Name and No.of ward with block No.as at present	Name and No.of ward with block No.and House No.as now proposed	Remarks
Bappanad No.1-1-4	Bappanad 1-1-4	No change
Hejmady No.2.1.4	Hejmady 1-4	Ward No.2 to be eliminated
Chitrap No.3-1-4	Chitrap 3-1-4	No change
Karnad No.4-1-4	Karnad 4-1-4	No change
Manampady No.5-1-4	Manampady 2-1-4	No.5 to be changed into 2.

A complete set of electoral rolls relating to Mulky Major Panchayat including Hejmady and a rough plan of the Mulky Major Panchayat excluding Hejmady are enclosed.

The probable expenditure may be Rs.(15/-)fifteen and a fortnights time may be required to rectify the defects. Sanction may be accorded to the rectification of defects as recommended above.

Yours faithfully

Memo No. 2588/53-3. Dated. ~~26~~ 23.6.1953.

Sub: Electoral rolls - Areas selected for intensive revision in 1952 and 1953 - South Kanara District - House-Numbering - Rectification of defects.

Ref: From the Collector of South Kanara Ref. C.No.6758/53 A11, dated 22-5-53.

The Collector of South Kanara is informed that the rectification of defects in house-numbering and the electoral rolls relating to the Coondapur and Puttur Major Panchayats cannot be undertaken even this year as the revision (non-intensive) of the rolls for this year in those areas has already commenced on 1-6-53. If the defects are really serious the Collector is requested to ~~submit~~ examine which ~~to Government proposals for their rectification sufficien~~ it can be rectified next year even though it is ~~tly in advance of the next annual revision. It is~~ proposed to address the Election Commission urging postponement of the consolidation of rolls and reprinting of the rolls relating to these areas, to next year. Orders with regard to this will be issued separately on receipt of the collr's report. The Collector may in the meanwhile proceed with the revision of the Electoral rolls, according to the programme already drawn up.

With regard to the defects reported in Tekkatte and Kumbhasi Panchayats in the letter cited, the Government pass the following orders.

In the original location code statement of Coondapur Taluq prepared and submitted by the Tahsildar in October 1949, Code No.80 was assigned to Tekkattee Panchayat and Kumbhasi was shown as the component part of the Panchayat. In the revised location code statement prepared and submitted by the Tahsildar in January 1951 and approved by the Government, code No.79 has been assigned to Kumbhasi panchayat and code No.80 to Tekkattee Panchayat. Now the block numbers originally assigned to Tekkatte

p.t.o.

¶ 12

Panchayat and its component village Kumbhasi, prior to its bifurcation, need only be revised as shown below:

Code No. and name of the Panchayat.	Existing block numbers of the Panchayat mentioned in Col. (1)	Block numbers which should be assigned now to the Panchayat.
(1)	(2)	(3)
79 Kumbhasi	Nos. 1,6 and 7	Nos. 1,2 and 3 respectively
80 Tekkatte	Nos. 2,3,4 and 5	Nos. 1,2,3 and 4 respectively.

The house numbers marked on the doors of buildings in each of the two Panchayats will be of two numbers, thus "5-20" where the first number indicates the block number and the second number the house number. The block numbers noted in Col.(3) above have to be repainted in place of the existing block numbers, on the doors of the buildings in the respective Panchayats. It will not be necessary to chage the block number already painted on the doors of buildings in block No.1 of '79 Kumbhasi Panchayat'. The existing block numbers 6 and 7 in that Panchayat need only be changed as 2 and 3 respectively. The existing block Nos. 2,3,4 and 5 in '80 Tekkatte Panchayat' should be changed as 1,2,3, and 4 respectively The Block numbers for each unit should be given serially in a clock-wise manner. The house numbers (i.e. the second number painted on the doors)need no alteration.

Census office note on pps-6 ref

The revised location Code Numbers, viz. Code No.79 for Kumbhasi Panchayat and Code No.80 for Tekkatte Panchayat, were used in the census records. The same numbers must have been used in the N.R.Cs. of these two Panchayats. There will be three N.R.Cs. for Kumbhasi Panchayat, separately for each of the three blocks in that Panchayat, wherein the block numbers would have been noted as Nos.1, 6 and 7. Similarly there will be four N.R.Cs. for Tekkatte Panchayat, separately for each of the four blocks in that Panchayat wherein the block should have been noted as Nos.2,3,4 and 5. The existing block numbers noted in the heading slips of these N.R.Cs. and in Col. (1) of the register should be corrected with reference

contd. on p.3

to the revised block numbers. It will not be necessary to make any correction in the N.R.C. relating to block No.1 of Kumbhasi Panchayat. On the wrappers of the remaining six N. R.Cs. and endorsement in the following form should be made and signed by the Village Officer concerned:

Memo. No. 2588/53-7. Dated 4th July 1953.

Sub:- Electoral rolls - Mulky Panchayat (South Kanara Dt.) - House-numbering and electoral rolls - Defects - Rectification.

Ref:- From the Collector of South Kanara, Ref.C.No.6768/53-A.11, dated 10-6-1953 and Telegram dated 29-6-1953.

The Government consider that the rectification of defects in house-numbering and electoral rolls relating to Mulky Panchayat should be carried out this year. The following instructions are accordingly issued in the matter:

As Hejmady village, which was formerly included in the Mulky Panchayat, has been constituted as a separate minor panchayat, the rolls relating to this minor panchayat should be prepared and printed separately. In the rolls relating to this panchayat, the first No., viz., "2" indicating the village (ward) number should be omitted. The other two numbers (block number and door number) require no alteration. The house numbers marked on the doors of buildings in this panchayat will be of two numbers, (e.g.) "5-20" where the first number indicates the block number and the second number, the house number. If the village (ward) number has also been noted on the doors of buildings, it should be obliterated.

As regards the other four villages - Bappanad, Chitrap, Karnad and Manampadi - constituting the Mulky major panchayat the first number shown in the electoral rolls viz., 1, 3, 4 and 5 respectively, indicating the village (ward) numbers should be deleted in all these cases and the second numbers indicating the block numbers should be renumbered in one series for all the four villages. It is seen from the elec. rolls that these four villages have been divided into 19 blocks. These 19 blocks should now be renumbered in one series in the clock-wise direction, i.e., in the following order:-

(1) Bappanad, (2) Manampadi, (3) Karnad and (4) Chitrap. In the electoral rolls relating to Bappanad, excepting the removal of the first number (village ward number)

there is no other change in the ten blocks included in it. The other two numbers (block number and door number) require no alteration. The house numbers marked on the doors of buildings in this area should show only these two numbers If the village (ward) number has also been noted on the doors of the buildings, it should be obliterated. In the remaining three villages, viz., Manampadi, Karnad and Chitrap, the nine block numbers (second number in electoral rolls) should be re-numbered from 11 to 19, thus--

(1) Manampadi	The existing two block numbers 1 and 2 should be renumbered as 11 and 12 respectively.
(2) Karnad	The existing four block Nos.1, 2, 3 & 4 should be re-numbered as 13, 14, 15 and 16 respectively.
(3) Chitrap	The existing three block Nos.1, 2 and 3 should be re-numbered as 17, 18 and 19 respectively.

In all these three villages, the house numbers marked on the doors of buildings should bear only two numbers, indicating the block number and the door number. The revised block numbers as indicated above should be painted on the doors of the buildings. The door numbers (third number shown in the electoral rolls) will not undergo any alteration in all these cases, as these have been numbered in a separate series in each block.

The rough plans and key-lists relating to all the five villages should be corrected suitably. As regards the N.R.Cs., it is not necessary to re-write them in any case. The existing numbers noted in the heading slips of the concerned N.R.Cs. should be corrected with reference to the revised block numbers as indicated above. The painting of the revised block numbers on the doors of buildings and corrections carried out in the N.R.Cs. checked by a supervisor of the status of a Revenue Inspector. As the electoral rolls relating to these areas are to be consolidated and reprinted this year, it is not necessary to carry out the corrections indicated above in all the

copies of the rolls. It will be sufficient if the corrections are made only in the copies of the rolls required for preliminary publication.

The Collr. of South Kanara is requested to take immediate steps to carry out the rectification of defects as directed above. A report on the completion of work should be submitted to Government before the 15th July 1953. The programme ~~of~~ for the revision of the rolls this year, already drawn up, should not be delayed on any account.

The defects in house numbering in the Puttur and Coondapur Major Panchayats are serious. They need rectification in order to avoid confusion and maintain uniformity. As it cannot be undertaken even this year as the revision (non intensive) of the rolls for this year in the Coondapur and Puttur Assembly Constituencies has already commenced on 1.6.53 and the preliminary publication of draft electoral rolls already done in the first week of this month, the rectification of defects may, be taken up sufficiently early next year.

Please see the letter from the Collector of South Kanara in the Cf. The report promised at 'A' therein may be awaited. With regard to 'B' on p1Cf., it is submitted that Puttur Assembly Constituency will be only non-intensively revised this year. The revision in this area will therefore commence on 1.6.53. In respect of Mangalore Municipality however, the intensive revision commences only on 1.7.53. The Collector asks for time till the end of this month for the submission of his report. It seems very doubtful whether rectification of defects in these areas can be carried out before the commencement of the revision this year. Time may however be granted to the Collector till 31.5.53 for submission of his report. The draft Memo submitted below is for approval.

This was intensively revised in 1952.

[From the Collector of South Kanara letter No. 6175-B-53 dated 22.5.53] pp5-6+

Please see the report from the Collector of South Kanara in regard to the rectification of defects in House numbering and electoral rolls, with reference to the Memo at (J):

(1) The following are the areas selected for intensive revision in 1952 and 1953 in South Kanara District:

1. Bantwal Assembly Constituency
2. Puttur Assembly Constituency
3. Kasaragod Assembly Constituency
4. Malky Assembly Constituency
5. Mangalore Municipality

(2) The defects noted during the revision by the Collectors are examined below:

1. Bantwal Major Panchayat:

(3) The defects with regard to house numbering in this Panchayat are explained in the Collector's letter dated 7.5.53 (E) and in the note of the Deputy Collector, Bantwal (F). The Collector has stated that, according to the present time table, it would take 3 months to renumber all the houses in all the wards. The probable expenditure is reported to be about Rs. 4,500/-.

2. Kasaragod Assembly Constituency was intensively revised in 1952. It will therefore be only non-intensively revised this year, though the electoral rolls will be consolidated and reprinted this year. The non-intensive revision would have started on 1.6.53 and there is hardly time now to carry out the rectification of defects in this

(1) and (2) and (3) of the Annexure I to the Memo at (K) Govt. Memo No. 1

Panchayat. Renumbering of houses will necessitate the rewriting of the N.R.cs. It does not therefore seem possible to rectify the defects even this year. The position may be explained to the Collector and he may be informed that it will not be possible to undertake the rectification of defects in Coondapur Major Panchayat even this year, in view of the shortness of time. For orders.

Ex A

Tekkatte and Kumbhasi Panchayats

The defect here is in the renumbering of blocks on account of the bifurcation of the old Tekkatte Panchayat into two separate panchayat Boards, viz. Tekkatte and Kumbhasi Panchayats. These are included in the Coondapur Assembly Constituency, which was intensively revised in 1952. The revision of house-numbering here is necessary only to the extent of alteration of block numbers. The Collector says that the work can be completed within fifteen days. This year revision in this area would have already started on 1.6.53. But since the defects appear to be simple, [and it seems that it can be carried out this year without difficulty] it is thought for consideration whether the Collector may be asked to take immediate steps to carry out the rectification in this case.

non-intensively revised this year. The defects in this area have been explained in detail in S.C.O's note and this deptl note on pp 7-11 ante of (M)*. Here also it is not possible to carry out the rectification of defects as the revision has already started on 1-6-53. The Collector ought to have reported these defects earlier. The Collector may be informed that as the non-intensive revision has already started on 1-6-53, it is not possible to undertake the renumbering of houses in Pullur Panchayat even this year and that the defects may be allowed to remain. Please see the South Kanara Collector's letter at pp. 5-6 c.f. and the Public (Elections) Department's note from p. 2 ante.

2. As regards Coondapur and Puttur Major Panchayats we may agree with Public (Elections) Department's note at 'X' on p. 4 ante.

3. As regards Tekkatte and Kumbhasi Panchayats, it is submitted that in the original location code statement of Coondapur taluk prepared and submitted by the Tahsildar in October 1949, Code No.80 was assigned to Tekkatte Panchayat and Kumbhasi was shown as the component part of the panchayat. In the revised location code statement prepared and submitted by the Tahsildar in January 1951 and approved by the Government, ~~when this Panchayat was bifrucated,~~ Code No. 79 has been assigned to Kumbhasi Panchayat and Code No. 80 to Tekkatte Panchayat. Now the block numbers (originally) assigned to Tekkatte Panchayat and its component village Kumbhasi, prior to its bifrucation, need only be revised as shown below:

Code No. and name of the Panchayat.	Existing block numbers of the Panchayat mentioned in col. (1).	Block numbers which should be assigned now to the Panchayat.
(1)	(2)	(3)
79 Kumbhasi	Nos. 1,6 and 7	Nos. 1,2 and 5 respectively.
80 Tekkatte	Nos. 2,3,4 and 5	Nos. 1,2,3 and 4 respectively.

The house numbers marked on the doors of buildings in each of the two Panchayats will be of two numbers, ~~for example~~ thus "5-20", where the first number indicates the block number and the second number the house number. The block numbers noted in col.(3) above have to be repainted in place of the existing ~~block~~ block numbers, on the doors of the buildings in the respective Panchayats. It will not be necessary to change the block number already painted on the doors of buildings in Block No. 1 of '79 Kumbhasi Panchayat'. The existing block Nos. 6 and 7 in that Panchayat need only be changed as 2 and 5 respectively. The existing Block Nos. 2,3,4 and 5 in '80 Tekkatte Panchayat' should be changed as 1,2,3, and 4 respectively. In order to simplify the work it should ~~not~~ be suggested that Block Nos.

Block Nos. 2,3 and 4 may be retained and that the existing Block No. 5 only need be changed as '1'. It must be remembered that the block numbers for each unit should be given serially in a clock-wise manner. The house numbers (i.e. the second number painted on the doors) need no alteration. A

4. The revised location code numbers, viz. Code No. 79 for Kumbhasi Panchayat and Code No. 80 for Tekkatte Panchayat, were used in the census records. The same numbers must have been used in the National Registers of Citizens of these two Panchayats. There will be three N.R.Cs. for Kumbhasi Panchayat, separately for each of the three blocks in that Panchayat, wherein the block numbers noted as Nos. 1, 6 and 7. Similarly there will be four N.R.Cs. for Tekkatte Panchayat, separately for each of the four blocks in that Panchayat wherein the block numbers noted as Nos. 2,3,4 and 5. The block numbers noted in the heading slips of these N.R.Cs. and in col.(1) of the register should be corrected with reference to the revised block numbers. It will not be necessary to make any correction in the N.R.C. relating to Block No. 1 of Kumbhasi Panchayat. On the wrappers of the remaing six N.R.Cs. an endorsement in the following form should be made and signed by the Village officer concerned:

Coondapur and Puttur Major Panchayats:-

Census office agree with this deptt's suggestion at 'x' on p 4 ante. It is submitted that the Coondapur and Puttur Assembly Constituencies in which these areas are included, were intensively revised in ®1952. The non-intensive revision in these areas would have commenced on 1-6-53. The Collector may be informed that the rectification of defects in these areas cannot be undertaken this year. As regards the postponement of Consolidation of rolls to next year, so as to rectify the defects before commencement of the revision due next year, submitted that it does not seem feasible to carry out rectn even next year, as these areas will only be non intensively revised next year. XXXX Please see the report on pp9-10 of since received from the Collector of South Kanara regarding defects in Mulky Panchayat area. This area comes up for intensive revision this year. In this case, Hejmadi village which was originally included in the Mulky Panchayat as ward No 2 has been excluded from it and has been constituted as a separate minor panchayat. The rectification of defects is in the renumbering of block numbers. The Collector has suggested that the existing ward No. 5 — ~~Mama~~ Manampadi, may be altered as ward No. 2 so that there may be no change in ward numbers 1, 3 and 4 — Bajpanad, Chitrap and Karnad. This ~~portion~~ point is not correct. Reference is solicited to the portion marked 'A' in the Census office note on pp5-6 ante. In this case ~~the block no 2 assigned~~ to Hejmadi village excluded has to be ~~altered as Block No 1~~ and in the remaining areas of Mulky Pachayat the block numbers for each unit should be given serially in a clockwise manner, as shown ~~below~~ thus — the existing block numbers 1, 3, 4 and 5 should be changed as 1, 4, 3 and 2 respectively. I agree with Pub (Ele) Deptt note above if the Panchayat "wards" are treated as house-numbering blocks.

The Collector refers to "Name and number of Ward with block number and house number" - see 9(c). I do not understand the term "ward". Usually the municipal or Panchayat "wards" are treated as house-numbering "blocks". They cannot however be both "ward" and "block". The Collector has stated that each ward has been split up into blocks and houses in each block have been numbered in separate series. p18 cf

From this it appears that the Block system of numbering has been adopted in the Mulky Panchayat; but it is seen from the Collector's letter on pp9-10 cf and the electoral

rolls placed below that three numbers have been used to denote the "house-number". This is not clear. In the block system of numbering, only the block number and the door number in the block are used to denote the house-number; e.g. "5 – 15" where 5 indicates the block No. and 15 the house No. in that block. For orders whether the Collector may be asked to explain clearly what each of these three numbers mentioned in this case, stands for.

Census offia may see for remarks.

KPS 29.6.53 / Ntg 29.6.53

A above The first number apparently refers to the village (ward), not the 2nd. no. to the block, no and the 3rd. no. to the door number. This is a mixture of the two systems of numbering. What we must do now is to omit the first number and re-number the blocks in one series for the whole Panchayat.

Please examine for this.

Sr
25.6.53

The rectification of defects in this case appears to be simple and it may perhaps be ordered to be carried out as quickly as possible. In the elec. rolls rely. to ~~this~~ village, the first number, viz. 2, indicating the village (ward) number need alone be omitted. There is no

other change in regard to this village. In the remaining areas (Bappanad, Chitrap, Karnad and Manampady) included in the Moolky Panchayat, the first number indicating the village (ward) no. should be omitted and the second number being the block number should be re-numbered in one series for all the four villages. The house numbers will not undergo any change as they have been numbered in ~~one~~ a separate series in each block.

It is seen from the Elec. rolls, places below, that the four villages (Bappanad, Chitrap, Karnad and Manampadi) have been divided into 19 blocks. These 19 blocks should, it seems, be re-numbered now in one series in the clockwise direction, in the following order:

1. Bappanad, 2. Manampadi
3. Karnad and 4. Chitrap.

Bappanad - 10
Chitrap - 3
Karnad - 4
Manampady - 2
19

See A on p. 8 and and the map below

In the Bappanad rolls, excepting the removal of the first number (village ward no.), there seems to be no other change in the 10 blocks included in it. In the remaining three villages, the block nos have to be re-numbered from 11-19, thus: (1) Manampadi — The ~~two~~ block nos. 1+2 have to be changed as 11 & 12 respectively; (2) Karnad — The four block nos 1 to 4 have to be changed as 13, 14, 15 & 16; and (3) Chitrap — The three block nos. 1 to 3 have to be

changes as 17, 18 and 19. The above changes will set right the defects in the Elec. rolls.

As regards the N.R.Cs. relating to the five villages, there seems to be no need to revise them. Only the block nos. noted in the heading slips of the concerned N.R.Cs will ~~need~~ have to be changed with refce. to the new numbers to be assigned now. As the house nos. do not undergo any change in any of these areas, no other alteration in the N.R.Cs appears necessary. Census office may be requested to advise on this point.

Gr
30/6

The Mulky Assembly const. comes up for intensive revision this year. The revision will start on 1.7.53. As the defects are only in the Elec. rolls, the programme of revision will not be affected in this case. It does not seem necessary to carry out the corrections in all the copies of the rolls. It seems sufficient if the corrections are made only in the copies of the rolls required for preliminary publication. The Collr may be informed accdgly.
